### Alfa Laval wins SEK 60 million natural gas order in the US

**Alfa Laval – a world leader in heat transfer, centrifugal separation and fluid handling – has won an order to supply compact heat exchangers to a Liquid Natural Gas plant in the US. The order, booked in the Energy & Process segment, has a value of approximately SEK 60 million and delivery is scheduled for 2016.**

The order comprises the delivery of Alfa Laval compact heat exchangers for a new processing and liquefaction facility in the U.S. The heat exchangers will contribute to an energy-efficient process as they recover and reuse heat in the gas-cleaning process.

“This is an order from an oil and gas customer in the US, to whom we have delivered similar equipment on a previous occasion. Being a repeat order, it confirms that we live up to the expectations on product quality and order execution set by the major players in the industry,” says Lars Renström, President and CEO of the Alfa Laval Group.

**Did you know that...** according to EIA proved reserves of U.S. total natural gas increased by 9.8% in 2014 – or by 34.8 trillion cubic feet (Tcf) to a total of 388.8 Tcf?

#### **About Alfa Laval**

Alfa Laval is a leading global provider of specialized products and engineering solutions based on its key technologies of heat transfer, separation and fluid handling.

The company's equipment, systems and services are dedicated to assisting customers in optimizing the performance of their processes. The solutions help them to heat, cool, separate and transport products in industries that produce food and beverages, chemicals and petrochemicals, pharmaceuticals, starch, sugar and ethanol.

Alfa Laval wins SEK 60 million natural gas order in the U.S

Alfa Laval's products are also used in power plants, aboard ships, oil and gas exploration, in the mechanical engineering industry, in the mining industry and for wastewater treatment, as well as for comfort climate and refrigeration applications.

Alfa Laval's worldwide organization works closely with customers in nearly 100 countries to help them stay ahead in the global arena.

Alfa Laval is listed on Nasdaq OMX, and, in 2014, posted annual sales of about SEK 35.1 billion (approx. 3.85 billion Euros). The company has about 18 000 employees.
